

## Dianella Petite Marie™

*Dianella revoluta dwarf selection*

A small dense tufting lily with short light green strap foliage, and sky blue flowers perching above the leaves, spring-summer. Suitable for cool temperate to sub tropical & semi arid climates, in well drained clay loams or humus-rich sandy soils, neutral to acid pH. Ideal cottage style plant, low maintenance border or container plant. Use en masse for a trouble-free groundcover. Feed with low phosphorus native fertilizer.

### Quick Info:

**Genus/Species:**  
Dianella revoluta dwarf selection

**Cultivar Name:** Petite Marie

**Habit:** Small Shrub, Strappy

**Plant Type:** Small Tree

**Height (m):** 0-35cm

**Width (m):** 0-40cm

**Frost Tolerance:** High

**Growth Rate:** Medium

**Position:** Full Sun to Part Shade

**Flower Information:**  
Sky blue flowers

**Foliage Information:** Short light green strap foliage

**Cultivation:** Well drained to dry clay loam sandy or gravelly soils neutral to low acid pH

**Fertiliser:** Low P required at around 3 %

**Climate:** Cool temperate sub tropical semi arid; 2nd line coastal

**Maintenance:** Minimal
