

Hardenbergia Happy Duo™

Hardenbergia violacea (combined HW & FnE)

A bright idea to combine two colours in the one pot gave birth to Happy Duo™. The blend of Happy Wanderer™ with Free n Easy (PBR) is a combo that's irresistible. Used as a ground cover, it's spectacular in full bloom over winter; and for the rest of the year, you have a handsome dark green mound that only requires the occasional chopping back to keep it looking good. Or train it over a pergola or veranda for a delicious froth of purple and white that will have your neighbours green with envy. Plenty of sunshine and good drainage is all it asks.

Quick Info:

Genus/Species:

Hardenbergia violacea (combined HW & FnE)

Cultivar Name: Happy Duo PBR

Habit: Medium to vigorous climber

Plant Type: Climber

Height (m): Not Applicable

Width (m): none

Frost Tolerance: Medium

Growth Rate: Fast

Position: Full Sun to Part Shade

Flower Information:

Purple and white suffused with lavender-pink pea flowers in long sprays late autumn winter spring
